

VALVE BAGS

COMPANY

Manufacturing and creating quality bags since 1962, developing new concepts and applications.

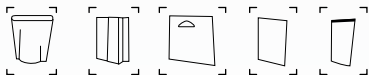

PRODUCTS

“Taylor-made” bags and pouches for each customer. Unprinted or printed with customer designs. Wide range of sizes and formats:

- 3 sealing bags
- Dorsal sealing bags
- Gusset bags
- Doypack (Stand UP)
- Selfsealing and zip bags
- With thumbhole or easy-opening

QUALITY AND SERVICE

Our main priorities, offering a confirmed quality and personalized services. A direct contact proving a quality service.

REASONS FOR USING A VALVE

- To release the gas generated by packed product
- To keep the product fresh and have longer shelf life
- To improve quality and product conservation

A valve that lets product breathe and keeps it in good conditions
